## Keeping your account safe

Your information is important to us. That's why we use verification codes to prevent others from accessing your account, even if they have your password. The first time you log in—on Principal.com or the mobile app—you'll need to choose how you'll receive the codes.

If you log in from an unrecognized device, forget your password, or we notice anything out of the ordinary, the codes help us confirm it's really you accessing your account.
